MAN SHOT THROUGH STOMACH FIGHT AT LLOYDMINSTER

Charles Mason, Englishman, Recently Out From Old Country, Is in Custody.

GEORGE PENNY DIES DRILLED BY BULLET

William Katz Drowned While Trying to Ford Baptiste River, North of Edson.

DRILLING EVERY DIRECTOR FROM EDMONTON NOW

From Fort McKay in North to Wetsikwin in South Work Proceeds—If Oil Exists in All It Will Soon Be Found—A List Seven Concerns Coming Into Herron-Elder Amalgamation.

LONDON SYNDICATE OFFERS TO INSTALL NEW STOCKARDS

Proposition Submitted by Cable Will Be Received by City Council Tonight.

MR. JUSTICE SCOTT'S POLICE REPORT IS DUE

Plan to Establish Standard Time Signal Will Be Submitted by Board of Trade

C. N. R. RESUME WORK IN BRANCHES HIS PROVINCE

Premier Sifton Interviews Reads of System in East and Has Assurance—Pressure Brought to Bear on the Company—Want More Activity on Branch Lines Guaranteed by Provincial Government.

HIGH PRESSURE PUMPS WILL BE WEAPONS USED!

Officers Think the Water Will Be Enough to Drive the Natives Back.

As a result of the shooting at Lloydminster on Saturday last a charge of murder or manslaughter will probably be laid against Charles Mason, an Englishman recently out from the old country. The affair took place on the farm of M. M. Woodwards, east of Edson, west of the fourth. Mason had been fighting with a man named George Penny, and during the fight Mason pulled a gun, believed to have been a Mauser pistol, and fired at his opponent.

Some day there is going to be a strike of oil in the district surrounding Edmonton. Nobody knows for certain the exact field which will first bring a big producing well in, but everybody believes that there will be at least one large, permanent field in the Edmonton district. Perhaps there will be more than one, but the point is that probably not one person in Edmonton now doubts that oil will be found.

Among other important matters to be considered by the city council tonight will be a proposition from the Pullman Syndicate of London, Eng., offering to install modern stockards at a cost of \$100,000. The syndicate will concede 200 acres of land connecting with the Swift plant and reasonable necessary facilities.

The Canadian Northern will resume work on some of their branch lines in the near future. The company is going ahead of late, was the assurance obtained by Premier the Hon. A. E. Sifton, while in Winnipeg, the east interviewing the heads of the system. The premier returned last night from the east, having been as far as Montreal. Most of the time he spent in Winnipeg and he was informed that the Canadian Northern program for Alberta, while on the spot.

THREE LARGE GANGWAYS FOR LANDING ATTACKERS

In the Meantime Negotiations Are Being Carried on for a Settlement.

ALBERTA LIBERALS TO HOLD CONVENTION CALGARY, AUGUST 5

By resolution of the executive committee of the Alberta Liberal Association, a general convention of the liberals of Alberta will be held in the city of Calgary, on Wednesday, the 5th day of August, at 3 p.m. The convention will be open to all liberals in Alberta, and are cordially invited to attend. In the event of a poll being demanded on any motion, the voting delegates will be allowed to each of the two Alberta federal constituencies, and the delegates will be elected by all delegates from each constituency present at the convention. Officers of liberal associations and others interested are requested to do all in their power to insure a large attendance. Delegates will be in the future, and will be issued a certificate. Application should be made to the secretary, Stanley L. Brown, Calgary, for further information.

PLANS FOR VICE-REGAL VISIT ON MONDAY, JULY 27th.

Program Includes Auto Trip About City and Drive to St. Albert and Fort—Visit is to be of Informal Character—Public Reception Will Be Held at Government House in Afternoon, 3 to 4.

UNIONIST ORGANIZER BEGINS PLANS FOR GENERAL ELECTION

London, July 21.—While the leaders of the liberals, conservatives, nationalists and Unionists were in conference at Buckingham Palace, the house of commons was discussing the question of a general election. He sent orders to all the constituencies to prepare for an election three weeks after the conference as the leaders are convinced that no matter what may be done at Buckingham Palace, the house of commons will not be dissolved.

BRING TENS OF MINERAL SAMPLES FROM FAR NORTH

Four Prospectors Secure Ores Along All Streams Flowing Into Upper Peace—Are Much Impressed With Fort McKay Oil—Rich Gypsum Deposits Near Fort Vermilion—Beautiful City Site.

"I saw enough asphaltum actually exposed in the Fort McKay district to have the ten largest cities you ever saw," stated J. H. Hughes, who returned from a three-month trip through the north country, during which, with his son, Al, secured samples of minerals from dozens of rivers and creeks running into the upper Peace river.

From the end of each of these parties a big water hose has been run out ready for action. The hospital should the ship is ready for all emergencies. The conference lasted a short time, and at the conclusion the authorities decided to give the Hindus until 2 o'clock to submit. If they do not agree by that time, the Hindus will be taken alongside the Komagata Maru. The naval officers think that the water from the high pressure pumps of the cruiser will drive the Hindus back.

KING REALIZES CRY OF CIVIL WAR NOW ON MANY TONGUES

London, July 21.—For the first time in the modern history of England the king today recognized that the cry of civil war was on the lips of many of his responsible and sober-minded subjects in connection with Irish home rule trials. His speech to the leaders of the Home Rulers, called to the conference at Buckingham Palace was very far in its tone as he told them that he was not the trustee for the home and peace of all and left them to their own view of reaching a settlement. He told them that he was not the trustee for the home and peace of all and left them to their own view of reaching a settlement.

The program for the visit of the Duke and Duchess of Connaught and Princess Patricia to Edmonton on Monday is almost complete and indicates that their royal highnesses will have a very busy day in the city. The train, which will arrive in the city at eight o'clock in the morning, after a four-day tour of the north, will leave at 1 a.m. by the C.P.R. for Calgary, and will spend some fifteen days in the north.

London, July 21.—While the leaders of the liberals, conservatives, nationalists and Unionists were in conference at Buckingham Palace, the house of commons was discussing the question of a general election. He sent orders to all the constituencies to prepare for an election three weeks after the conference as the leaders are convinced that no matter what may be done at Buckingham Palace, the house of commons will not be dissolved.

OFFICE BOYS TELL OF SCENES AT NEWSPAPER DATE OF THE CRIME

Paris, July 21.—The court trying Mme. Caillaux for the murder of her husband, the late minister of finance, today heard the evidence of the office boys who were present at the scene of the crime.

There will be a meeting of the liberals of the new federal constituency of East Edmonton, which includes that portion of the city north of the river and east of First Street, in the White Store, North Edmonton, Friday evening. The meeting is called by the liberal executive and is for the purpose of arranging for representation of the new constituency at the coming provincial convention in Calgary and such other matters of federal organization as may be deemed advisable.

SCORES ON BOARD A MILITARY TRAIN REPORTED KILLED

Mexico City, July 21.—A military train coming from San Luis Potosi with some of the troops that evacuated that town, was accidentally wrecked near the station. It is reported that scores of those on board, including several officers, have been killed or wounded.

Efforts are being made to render their royal highnesses stay in the city enjoyable. The visit is to be largely informal. The Lieutenant-Governor, who will take place at 10 o'clock in the morning, and the receiving of the duke and duchess will take place in the afternoon.

Shamrock IV, Sets Sail. Falmouth, Eng., July 21.—Shamrock IV, the new century steam yacht, left here today for the United States. It is expected that the next port of call will be the challenger for the American cup will be the Albatross.

STRIKERS INDULGE IN MUCH STONE THROWING AND SHOOT REVOLVERS

St. Petersburg, July 21.—Serious strike disturbances broke out today in St. Petersburg, where 100,000 workers have laid down their tools as a protest against the drastic measures of the authorities against the Czechs and Slovaks.

There will be a meeting of the liberals of the new federal constituency of East Edmonton, which includes that portion of the city north of the river and east of First Street, in the White Store, North Edmonton, Friday evening. The meeting is called by the liberal executive and is for the purpose of arranging for representation of the new constituency at the coming provincial convention in Calgary and such other matters of federal organization as may be deemed advisable.

SEMI-PANICS TWO BOARDS ASK RESULTS TO TALK

Cracow Paper Declares Advantage Will be Taken of Opportunity to Settle—Also Albanian Question and That Negotiations to End Now Going on With Turkey and Bulgaria—Greek Committee Formed to Confer Freedom Athens on Former American Minister.

London, July 21.—Despatches received here from Vienna and other capitals indicate a growing tension between Austria and Serbia, whose relations are alleged to be becoming very strained. It is asserted by Austrian newspapers that an Austrian investigation into the recent assassination of Archduke Franz Ferdinand and his wife, at Sarajevo tends to establish at least the indirect complicity of Serbia and that the Austrian government will make strong representations at Belgrade on the subject.

A prominent Albanian newspaper declares that Austria is determined to use this opportunity to settle in her own favor both the Serbian and Albanian questions and that she is negotiating this end with Turkey and Bulgaria.

There was a semi-panic on the Berlin and Vienna exchanges yesterday, due to rumors of a possible war.

To Honor American.

Athens, July 21.—An influential committee of prominent Greeks has been formed for the purpose of urging the government to confer the freedom of the city of Athens upon the former American minister, George Fred Williams, whose report on Albanian matters has been of great value to the committee. It also desires that other honors be bestowed upon Mr. Williams.

They represented in the list of events. The arrangements of the sports program was drawn up by Fraser Jack, who is the manager of the city and is most attractive from both a public and competitor's standpoint.

A motion was carried that the secretary of the city council be authorized to insert a fair wage clause in any power contract that the city may be fit to enter into with any company or corporation.

A motion was carried that the attention of the commission on the part of the city be drawn to the overcrowding of cars crossing the high level bridge being in danger to life and limb.

Announcement was made by G. Hewitt that the management of the city was no longer a union house. He stated that the management of the city was no longer a union house. He stated that the management of the city was no longer a union house.

That the Trades and Labor council approve the stand taken by the street railway men in their demands for fair treatment.

There was some discussion regarding the situation that has arisen between the street railway men and the city, and Secretary Farnham addressing the delegates present, among other things said:

"It is a dramatic measure to have to take. It is not a question that should be brought about if it can be avoided. And in speaking of the city's action in bringing in men from other cities to take positions with the street railway, Mr. Farnham said:

"If they can violate their part of their agreement in this respect, they can also start and reduce their wages. There is only one and now let them see that they can't. They've come to the stage end. Undoubtedly they will do that. That will be their next step. They have got to make good with the public. I hope there will not be a strike."

He stated that the "priority clause" was the particular cause of the street railway men's agreement over which the trouble has arisen and spoke in disparagement of the city's action for the good jobs on the service, rather than allowing men for years in the city's service to be displaced by new men, as well as some of the men that have been brought in. He denounced the practice of the street railway heads in dismissing men for petty charges, and claimed that local men could not go on strike without first having the sanction of the labor council body, and then the men could not strike within 30 days following the application of either side for arbitration.

In conclusion, Secretary Farnham said:

"I hope and trust and feel certain that we will gain our end, but if it becomes necessary to strike, I feel certain that it will be done in a proper manner. If 3,500 men cannot walk for six months, they are pikers."

One of the brightest of the evening's business, was that relating to the arranging of details for the annual Labor Day sports. The figure took up some time, relating to the list of events and prizes to be given, and a progress report was finally laid on the table till next meeting.

The list of events as announced last night is a lengthy one and one of the most elaborate ever attempted in the city and as the prize list, it finally agreed upon, amounts to nearly \$100,000. The sports will start forward to the greatest Labor Day sports ever held in the city. They will be held on the question of whether or not members of the Piper's band and others in the city who can play the pipe, should be allowed to enter in competition at the sports. It having been intimated that the Kiltie's band should be allowed to enter in competition at the sports, this, however, was not proven and the matter was left open. The pipe band will play the pipe, should be allowed to enter in competition at the sports. It having been intimated that the Kiltie's band should be allowed to enter in competition at the sports, this, however, was not proven and the matter was left open.

It will likely be agreed upon to have

GENERAL HUERTA TAKES FINAL BOW TO HIS COUNTRY

Accompanied by Members of His Family Ex-President of Mexico Boards Cruiser.

NO REVIEW OF TROOPS;
NO FORMAL ADDRESSES

Speaks Guardedly of Wilson—Declares He is Not Enemy of United States.

Puerto, Mexico, July 21.—General Huerta, ex-president of Mexico, left his country last night and is on his way to Kingston, Jamaica.

Accompanied by Senora Huerta and their unmarried daughters, Elena and Zola, General Huerta, the ex-minister of war, Senora Blauquet and their daughter, General Huerta boarded the German cruiser Vredstad at 9 o'clock. Two hours later Captain Kohler gave orders to get under way.

Unless some unexpected complication arises, the remainder of Huerta's relatives, friends and military officers will follow him from the capital and elected the existence of exiles rather than give their active support to the United States government, will also be at sea today.

In the interval between Huerta's departure and the sailing of the Dresden, the other members of the party who had been left ashore were preparing to go aboard the cruiser with Huerta, where they will be carried until the passenger steamer Mexico arrives to carry them in the wake of their chief.

Deep Regard for America.

General Huerta to President Wilson in a conversation with the newspaper men before he left shore, but true to precedent, was non-committal in all his remarks. He pronounced the United States people, characterizing the statement that he was the enemy of the United States as a "lie."

There was a marked contrast between the departure of General Huerta and that of General Porfirio Diaz, the son of Huerta was absolutely devoid of demonstrations, nor was there what might properly be called a "farewell" party for him when he left shore. He went away as quietly as he came.

He had been originally planned that Huerta would review the troops on the day of his departure, but there was no time for that.

Had it not been for his conversation with the American newspapermen and the activities of the cameras, the trip from the car to the water front where the Dresden launch was waiting, his trip would have been no more eventful than his morning walk from bedroom to dining room.

Secrecy Observed.

Those about Huerta took pains to keep his plans and movements with secrecy and so it was that only a few knew the first definite idea of his intentions was indicated when he left the Dresden launch.

Some down large steamer trunks as well as a sword case and a box of cigars, the large trunk of a major general went aboard.

Another launch appeared and Huerta, his wife and two daughters stepped from the car. The correspondents approached him. The little crowd which gathered was started by the sight of the group, but no one was cheering.

Huerta carried nothing except his handbag and a small suitcase. He was at his side, both hands laden with suitcases. Aides followed similarly burdened.

Nothing to Say of Bryan.

Huerta's face brightened somewhat when he began to talk with the correspondents. He said he had nothing to say about Bryan. He said he had nothing to say about Bryan.

"What about Bryan? What do you think of him?" asked one man.

"I want to say nothing whatever about him," replied the ex-president.

Another asked him about President Wilson.

"Mr. Wilson is president of the United States," he answered, "and as such I respect him. I must be careful what I say about him, too, for let me say this, I have never mentioned his name. The nearest I came to it was in my note of resignation and then only by accident."

"Oh, yes, yes," he has spoken of me many times indeed. He has been kind enough to send me messages, but I have never felt like using his name."

"However, as a matter of fact, do you mind me saying that you are a very good man?"

"I have my best friends. They have introduced me rather widely. I am merely one of the many who are of the opinion that Huerta is a very good man."

He waved his hands to include a

little group of officers and laboring men, who had gathered to hear him.

Continued, "Oh, yes, they have done that," and the grizzled figure bowed contemptuously a check of his shoulders.

"Oh, now; do not misunderstand me. I have heard it said that I am an enemy of the United States. But I admire the American people, and I have all respect for Mr. Wilson as president of that country."

"The United States is certainly the most powerful nation on this side of the Atlantic, and perhaps the most powerful in the world, and her people are entitled to the admiration of all."

As to the immediate future of the country, General Huerta was evasive, but he did say that peace was not quite at hand.

NEURALGIA SETTLED IN HER LUNGS

No Relief From The Pain Until She Took "Fruit-Lives"

CAMPBELLVILLE, Ont., May 15, 1913.

"I cannot speak too highly of 'Fruit-Lives'. For over thirty years, I have suffered from chronic Neuralgia and Constipation, experiencing untold agony. The Neuralgia settled in my lungs, and I was unable to breathe without relief. The doctor told me I would not get better but 'Fruit-Lives' would not have my present health if it were not for 'Fruit-Lives' and I am glad of this opportunity of giving you this letter to let such a remedy as 'Fruit-Lives'."

STIRRING FIGHT IS EXPECTED KONAGATA MARU

Hindus Have Erected Barri- cades and Piles Lumps of Coal for Ammunition.

STILL REFUSE OFFERS OF IMMIGRATION MEN

Two Hundred Local Troops Called Out and Will Go on Board Cruiser Rainbow.

Vancouver, July 21.—Two hundred local troops were called out last night on a special order signed by Col. Duff, Sheriff and Commander McSpadden.

Unless the Hindus surrender a violent change of mind during the night they will show a stubborn resistance and a bloody fight may result.

Japanese Consul Hori received a cable from the Japanese government this morning, ordering him to see that the Japanese crew of the Konagata Maru was not mixed up in any battle. To the end that the Japanese crew was this evening taken off the ship, and will remain off until such time as the British authorities have the matter under consideration.

C. Gordon Johnson, agent for the British India Steam Navigation Co., counsel for the owners, had a midnight conference and the lawyer had a midnight conference and the lawyer had a midnight conference.

The committee pointing out that the ship has all the water she needs and assurance that the Hindus are prepared for war. Yesterday the forward and aft decks on the vessel were provided with wooden planks and covered up with coal and it looks as if they are prepared to make a vigorous defense.

When the British India Steam Navigation Co., general, H. H. Stevens, M.P., and Immigration Inspector Hopkinson, with a party of British soldiers, arrived at the ship at one o'clock this afternoon. The wire was from the Duke of Connaught on the Konagata Maru in reply to his message of a day or two ago. It is quite apparent that it is the Hindus who made the mistake of such a deadly attack during the night attack. Goltz stood beside the ship and talked to the Hindus for three hours, gave advice to the Hindus when the latter reported that they had killed a Hindu. Goltz spent fire with a proposition, just as the message was received from the ship, the Hindus were told that the passengers were willing to leave the ship and were put on at once if medical attention was furnished. Those injured in the night fight, and if they were given a chance to talk a talk first with some of the Hindus on the shore in the morning, and then to go to the ship and ask forgiveness for all the trouble which they had caused.

Mr. Hopkinson came back with a counter proposition. He said that if the Hindus allowed the Japanese crew to land up and down the ship, and to permit the boat to weigh anchor and proceed to sea five hours after steam was up, the immigration men would start putting the \$5,000 worth of provisions on board. Arrangements would be made for the Hindus to be taken to the ship and the Hindus to be taken to the ship and the Hindus to be taken to the ship.

Some of the Hindus said to have been taken to the ship and the Hindus to be taken to the ship and the Hindus to be taken to the ship.

Goltz further refused to agree to the suggestions, and said that the passengers would have to be put on board at once.

His was so manifestly unfair that after Mr. Stevens and Mr. Hopkinson conferred for a moment or two, they sent a message to the Hindus, saying that an agreement in writing would have to be made and before any provisions were put on board, steam must be up.

The Hindus were told that the provisions were put on board now from the ship and the Hindus to be taken to the ship and the Hindus to be taken to the ship.

The Hindus were told that the provisions were put on board now from the ship and the Hindus to be taken to the ship and the Hindus to be taken to the ship.

WEST HAS SPLENDID REPRESENTATION AT RUBBER CONVENTION

Montreal, July 21.—Rubbermen from all over the dominion are now congregating in Montreal to attend the annual convention of the Canadian Rubber Company, limited, and associated companies. The meeting will last from today until Sunday.

A number of rubber experts, including H. R. Elder, R. E. Jamieson, A. D. Thornton and other authorities, a banquet will be tendered the visitors tomorrow evening at the country club, St. Lambert, and on Thursday evening they will leave for the Grand Trunk train for Berlin, Ontario, where the Dominion Rubber Trade treaty will be inspected.

Among the delegates who have already registered at the Place Victoria hotel are J. A. McKenzie, Victor, H.C., W. E. Shaw, Vancouver, B.C., J. K. Laidlaw, Toronto, and A. E. MacKay, St. John, N.B.

Unemployed Under Conservative Rule GROW ALARMINGLY

Ottawa, July 21.—A circular has just been issued by the department of immigration, declaring its intention henceforth not only to warn all but also to prevent the unemployed from coming to the dominion, but also to reject them if they fall under any of the restrictive clauses of the immigration regulations. The fact that a man who comes under the category of the unemployed is not allowed to save him from rejection as formerly. In such case the department takes the view that the unemployed are not otherwise being filled by one of the unemployed, and that the unemployed are not otherwise being filled by one of the unemployed.

The department is becoming alarmed at the growing number of unemployed who are coming to the dominion, and is taking steps to prevent them from coming.

Premier Borden is to come west in September likely

Ottawa, July 21.—Premier Borden's tour of Western Canada will take place in the latter part of the month of September and October. It was thought that Sir Borden might have found time to go west this month,

The Gay World

The Canoe club are holding one of their delightful dances next Monday (Civic holiday) night, everyone is looking forward to a good time.

Mrs. Frank Houten and family are expected home the 12th of August.

Miss Cotelet is leaving on Friday for Lagan to spend some time before going east.

Mrs. Harbottle and children have returned from their eastern trip.

Mrs. Ernest Beaufort and young son are expected home from the city this week, where they have been the guests of Mr. and Mrs. Darby.

Those attending the summer school at the university are taking a trip to Lake Wabamun on Friday.

The reception and dance in connection with the summer school for the teachers in Alberta, which was arranged for Friday of this week, has been postponed until next Friday, July 1st.

Miss Louise Holmes has returned from her trip to Toronto.

Mrs. Bruce Robinson who has been visiting friends in the city has returned to Calgary.

Mr. Harold Beverly Robinson, Montreal, who is at present visiting in the city, leaves shortly for Calgary.

The prize list in the women's work at the Exhibition this year has been revised and it is interesting to know that the entries are restricted to Western Canada. That is no entries are recognized except those west of the Great Lakes. Last year one of the prizes was carried off by those entering from different places in Ontario by those who have shown entries at eastern fairs. The handicrafts guild are offering a special prize for hand woven materials either in wool or linen. There is also a special prize in the art class for original design in hand painted china. A special prize is being offered to students of the Technical school in cabinet work and sewing.

The missionary convention and summer school in connection with Alberta College will open Thursday evening, July 23.

Mrs. Hansford and two children who have been visiting in the east, returned to the home Sunday evening.

Mrs. Panton and Miss Julia Panton arrived home Sunday evening, after spending several months holidaying in the east.

Mr. Frances Firth is giving a farewell concert Wednesday week in the Baptist church. Musical people have a chance of hearing this popular singer before he leaves for the east. Mr. Firth expects to go to Detroit next in September. Other acts are Miss Aldrich, Mr. McFadden, Mr. McGregor. Mr. Firth expects to have a feature of the program the "Saxophone from Lucia."

The Country Club was well patronized on Saturday and some very good games were made. Miss Mary Campbell making the best lady's score.

Weddings.
On Monday at Holy Trinity rectory the marriage of Alexander Francis Kelley, formerly of Wellston, New Zealand, and now superintendent of the Great Northern Oil and Asphalt company, and Miss Helen Bailey, Newington, England, was solemnized. The Rev. C. C. Caruthers officiated.

Good crackers to serve with salad are made with a half-cup of these set in the centre of each cracker, which then is browned in the oven.

Sanitation.
First year only—Ventilating, heating and lighting the home; water supply.

To Properly Treat Obsolete Wrinkles

Particularly where wrinkles are long and deep, the treatment should be to rub with hard and not too frequently. The treatment causes muscles to sag, the result from bad skin.

Before the treatment, the skin should be the most delicate wrinkles, as well as the fine lines, are removed. In England, which you may readily admit, the treatment of the skin is the best in the world. The treatment is the best in the world. The treatment is the best in the world.

The effect is really marvellous, not only as to wrinkles, but also in cases of blemishes, freckles, and other skin troubles. The treatment is the best in the world. The treatment is the best in the world. The treatment is the best in the world.

It is an ointment such as would have been appreciated by many of the leading members of the dramatic world, which last night endorsed the initial presentation of "The Wolf," a three-act drama at the Lyceum theatre.

A capacity house enjoyed the performance from the rise to the final drop of the curtain.

New Laurels were won by Miss Irene Lawrence, the accomplished young actress, who has offered so much pleasure to the theatre-goers of Edmonton during the past several months. The honours were shared by every other member of the company. To such splendid advantage did Miss Lawrence appear in the role of Hilda McTavish, that it would seem almost as though the play had been written for her and she born to it.

Several pleasant surprises are in store for patrons of the Bijou theatre tonight when Manager Hazzard stages his weekly country store. There will be gifts for every member of the household from the bewitching infant to the senior grandparent and including the bustling wife and the bashful husband. If there is not a laugh in every gift there is sure to be some practical joke, so the purpose of the Bijou management is served either way.

The feature film on the Bijou program this first two days this week is "At the Wheel," a sensational three-part Great Northern film. The big scene in this picture is the sliding of a motor boat in mid-ocean with three passengers aboard. This scene alone provides enough for a first-class motion picture and is the climax for a film that possesses an exceptionally good plot.

"Jan the Jack" is the title of a thoroughly amusing release of the American Film company. It depicts the experience of a young woman who tries to administer justice in a village. She succeeds only after several amusing tribulations. Margaret Fischer is seen as Jane in this picture.

On Friday night Manager Hazzard will stage the regular weekly amateur and professional stage try-out and a men's ball-driving contest. The latter is the result of the popularity of the ladies' ball-driving contest last Friday night.

ONE LAUGH FOLLOWS
ANOTHER IN TODAY'S
EMPRESS PROGRAM

Roscoe Arbuckle, the fat comedian of the Keystone Film company, will be the featured attraction of the evening. He will be seen in a new picture, "The Wolf," which is a hilarious comedy. The picture is a hilarious comedy. The picture is a hilarious comedy.

One of the striking additions to the group of pictures is the personality of the American cowboy, representative of basic Americanism in character, that are disappearing through the passing of the frontier. The picture is a hilarious comedy. The picture is a hilarious comedy.

The last of the living factors prominent in the era on the frontier of the dual exhibition that has reached the height of circus super-excellence in quality.

Domestic Training For Alberta Young Women

Outline of Courses Taught in Alberta Schools of Agriculture at Olds, Claresholm and Vermilion—Courses Will Extend Over Two Winter Sessions of Five Months Each—Also Short Courses.

A wide effect is to be looked for as the result of the household science instruction which is being given in the Alberta Provincial schools of agriculture. Last winter two month courses were held at each of the three schools situated at Olds, Claresholm and Vermilion, and for several years past short courses have been conducted in connection with the special trains sent out each winter on extension work by the department of agriculture.

During the coming winter the courses will run for five months, extending on October 27, and continuing till March 27.

The aim of the course is to train the young women of the province to be practical home makers. The course covers a period of two sessions of five months each. While the work of both sessions is conducted on entirely practical lines, aiming to secure the economic management of the home, the work of the first year is especially devoted to home problems and in the second year the work is more advanced.

VALLEY RAILWAY CHARGES NOW TO BE INVESTIGATED

Crown Lands Case Left Over to Berry's Evidence May Be Taken.

HE STILL REFUSES TO COME FROM U. S.

Commissioner Says Government Should at Least Ask Him to Return.

St. John, N.B., July 21.—The evidence of Premier Fleming in the timber land charges was concluded yesterday afternoon and the Valley railway charges will be taken up next.

The timber land charges will be left open till every means is exhausted to secure the attendance of W. H. Berry, the government soldier, who refuses to return from the United States and testify.

I think that the government should make some effort to secure the attendance of W. H. Berry before the inquiry. Personally, I would be very sorry to see the inquiry ended without his testimony. Although acting Premier Clark has said that he knows of no legal means to compel Mr. Berry to return, he also said that he had not asked him to do so. I think Mr. Clark might at least write Mr. Berry a letter asking him to return to give evidence. Those were the remarks with which Commissioner W. S. Fisher greeted Mr. Carvell's statement that he is still making every effort to secure Mr. Berry's attendance, although his hopes of success are not as strong as they were three weeks ago.

Counsel Disagree
The conversation arose in connection with a discussion regarding the procedure of the inquiry. Mr. Carvell stated that the case should not be closed and counsel compelled to argue until after the evidence in the Valley railway inquiry should be completed, in order to give an opportunity for the production of Mr. Berry's evidence if it should become available.

Mr. Fowler opposed this, but the commission finally decided to leave the crown lands matter open while the railway inquiry proceeds, and to resume the railway inquiry today at 10 o'clock.

Premier Fleming was on the stand again for the entire session yesterday, while Mr. Carvell finished his cross-examination and Mr. Teed his re-examination. One of the premier's admissions on the stand was that he had received a letter from W. H. Berry soon after the missing official had reached Boston. He denied that he had communicated with C. G. Cutler (but that he knew that Mr. Berry had written on Mr. Cutler).

Denies Broke Law
The premier denied that any of the lumbermen had paid for the privilege of reading the law regarding the return of equipment from crown lands, or for the privilege of cutting under-wood logs, although he admitted that such practices were carried on with his consent under certain circumstances, for which he gave details. The spirit of the law, he asserted, was not violated if the letter was.

Premier Fleming's evidence is the last to be introduced in connection with the timber lands charges, unless Mr. Berry turns up, and yesterday's hearing brought that case to a close, except for the arguments of counsel, which will be heard later.

Two Electricians Drowned

London, Ont., July 21.—Jack McNeil, 22 years old, an electrician in the employ of the London Hydro-Electric company, and John Henry, 28 years old, an employee of the Bell Telephone company, were the two young men who were drowned at Port Stanley Sunday afternoon when their boat upset. Neither of the bodies has been recovered.

PAINFUL AND SCALY PIMPLES

Like Boils. Worst on Face, Watery When Rubbed. Also Hands Cracked and Smarted. Cuticura Soap and Ointment Cured.

Miss St. Eye-Brow, Sask.—"I was afflicted with small pimples similar to boils for four or five years. They were all over my face but worst on my nose. Of course they gave me a bad appearance. The pimples were both painful and itchy so I scratched till quite large sores were made. The result and they seemed to be very watery after I rubbed them with Cuticura. My face was very sore during the first week.

"I was troubled with sore hands most all winter for two years. They kept cracking till they would be bleeding, and they smarted and were so sore I could hardly bear to get them wet.

"Upon seeing Cuticura Soap and Ointment advertised I thought there would be no harm in trying them so I started with a small amount. I purchased a full-sized cake of Cuticura Soap and a box of Cuticura Ointment and before I had quite finished the cake of Cuticura Soap and box of Cuticura Ointment was purchased. But little was used when I was entirely cured." (Signed) Mrs. W. Jackson, May 23, 1913.

For treating poor complexion, red, rough skin, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. A single application suffices, and every skin, for all ailments of the face, neck, and body, and post-card to Cuticura, Dept. 10, Boston, U.S.A.

FIVE ARE KILLED AND EIGHTEEN INJURED IN DYNAMITE EXPLOSION

Panama, July 21.—The premature explosion of a 4,300-pound dynamite charge at Curacha slide yesterday killed five workmen, four of them white, and severely injured one white and 17 negroes.

The workmen were aboard the drill barge Toledo, which was wrecked and sunk in the channel. The men had just completed charging the last of eight drill holes with 500 pounds of 55 per cent dynamite when the explosion occurred. The charge was to have removed the last stone in the channel cut.

ROCKIES ARE MUCH GRANDER THAN ALPS DECLARES COL. WILDE

Ottawa, July 21.—The Rockies have impressed us far more than the Alps of Switzerland," stated Col. Wilde of London, who, together with his wife, have almost completed a seven months tour of the world.

Col. Wilde, who several years ago retired from active service, gave some of the impressions of his tour today. In speaking of the Canadian Rockies, he said that while they were not as high as the Alps, they were far more impressive and far more accessible.

MANY NATIONALITIES REPRESENTED IN NEW BUNCH OF IMMIGRANTS

Toronto, July 21.—A party of immigrants surpassing in point of numbers all that have come to Toronto this year, arrived yesterday from Montreal.

There were 285 of the immigrants and many nationalities were represented. Russians were in the majority, while Poles were numerous. Practically 75 per cent. of them will make their home in the Canadian west.

MAJORITY OF LIBERAL OVER CABINET MEMBER IS INCREASED TO TEN

Portage la Prairie, July 21.—As the result of the recount of the votes cast in Portage la Prairie constituency at the election of a representative in the legislature on July 16, the majority of E. A. McPherson, liberal, over Hon. Hugh Armstrong, conservative, is increased from 6 to 10. Mr. McPherson made a net gain of four votes.

THE WEATHER

Forecast—Manitoba: Local thunderstorms today, Wednesday northwest winds and cooler.

Saskatchewan: Westerly wind, cooler with showers. Wednesday fine and cool.

Alberta: Mostly fine and warmer today and Wednesday.

Bulletin—The weather has been very warm in Manitoba; very warm in parts of eastern and southern Saskatchewan, but cooler in northern Alberta. Rain has fallen very heavily in the Qu'Appelle district and light scattered showers over other parts of Saskatchewan and in Alberta.

Deputy Governor General.
Ottawa, July 21.—Sir Louis Davies, who was administrator of the government during the absence of H. R. H. the Duke of Connaught in New Foundland, has been appointed deputy governor general and will act in that capacity while the duke is in the west. Redcliffe Broun, clerk of the privy council, has gone to Charlottetown to administer the oath of office to Sir Louis.

Co-operate Plant Burned.
Marmora, Ont., July 21.—Word has been received that the plant at Deer River, belonging to the Trenton Co-operative Mills, Limited, was totally destroyed by fire, entailing a loss of \$10,000 to \$12,000 which is partly covered by insurance.

STUDY THE MILK QUESTION ---its Relation to Health and Economy

Pasteurized Milk Saves the Babies

Milk that is bad for babies cannot be good for grown people. Milk that is safe for babies must be good for grown people. In New York City before 1893 there were 96 children out of every 1000 that died before they reached five years of age. In that year Pasteurized Milk began to be used. Thirteen years later only 55 out of every 1000 children died before reaching five years. Experts believe that the use of Pasteurized Milk practically cut the death rate by one-half, as indicated above. There is little, if any, milk now used in New York without being Pasteurized.

360 Typhoid Cases from Unpasteurized Milk

The danger of using unpasteurized milk in a city is sometimes shown in a very striking way. A few years ago, in the town of Stamford, Connecticut, 360 cases of typhoid broke out among the customers of one small dairy. No new cases of the fever developed after this milk was withheld from sale. It was found that the water drunk by the cows had become infected with typhoid germs from the refuse of a case of sickness that had occurred in one of the dairy farms several years before. The milk was not Pasteurized, consequently the germs lived and thrived, and in good time they did their deadly work. Many deaths occurred, a great deal of suffering resulted, and a heavy burden of expense was laid on 360 families, many of whom could ill afford to stand it. All of this was unnecessary and could have been prevented by the use of properly Pasteurized Milk.

Pasteurizing is Health Insurance

There are so many ways that even the cleanest milk can become infected before being bottled. The cows themselves may look perfectly healthy and yet have tuberculosis. The germs of other diseases, such as typhoid, diphtheria, scarlet fever, etc., may get into it from totally unexpected sources, as in the case of the typhoid epidemic

mentioned above. It is therefore most important to ENSURE the SAFETY of milk—one of our most valuable and economical foods. Pasteurizing does this. The milk is heated thoroughly and evenly in special pasteurizing apparatus to a temperature of 140 degrees Fahrenheit, and held there for 30 minutes. It has been repeatedly proven that this heating destroys all harmful disease germs. The milk is then quickly cooled down and bottled without being exposed to the air, and the bottles are stored in a cold room that is held almost at freezing. During warm weather we have special arrangements to hold it at a low temperature until the customer gets it.

Hints to the User

The customer should have the bottles put at once in a cool place, on ice if possible. If ice is not used it should be put in the coolest part of the house, in cold water, and the water changed at least three times per day. It is important, too, to keep the milk covered so that no infection can reach it from the air or from flies.

The Temptation of "Cheap" Milk

There's a strong temptation to save a cent or two on a quart of milk. But it is very apt to be expensive economy. The cent or two cents a quart is really very small beside the risk to life and the chance of having to pay out hundreds of dollars in case of sickness. "Cheap" unpasteurized milk is very likely to prove the most expensive milk in the long run.

Moreover, good Pasteurized Milk at 10 cents per quart is a very economical food—it is as valuable as 20 cents' worth of the cheapest meat that you can buy. The price of meat has been steadily increasing for many years. The price of the best quality of milk has remained stationary. More good milk and less meat would save money for many families.

Of course, every person has the right to obtain their food from whatever source they please. But we believe that they should know the facts. We regard it as our duty to let the public know about the risks of using ordinary unpasteurized milk. It is sufficient to quote what Dr. Whitelaw, the City Health Officer, has to say on the question in his last annual report: "Unpasteurized milk, except that which is obtained from tuberculin-tested cows, should not be used."

COME AS OUR GUESTS

to the JASPER AVENUE BRANCH on a Monday, Wednesday, or Friday from 3 to 5 p.m. E.C.D. "Velvet" Ice Cream Bricks, E.C.D. Cream Cheese, Devonshire Cream and other refreshments served, without charge.

You will be able to see and learn a lot of things about Milk and Dairy Products. E.C.D. Milkmen will be glad to supply you with a Complimentary Guest's Ticket.

YOU WILL BE SHOWN:

1. The sediment test, the means to prevent unclean milk from being supplied to us by dairy farmers.
2. By means of the sediment test you will be able to see the difference between clarified and unclarified milk. (We clarify all E.C.D. milk as an extra precaution to ensure its utmost cleanliness.)
3. You will be able to understand just what pasteurizing does—how it ensures the safety and wholesomeness of milk and cream.
4. You will be given the facts of the business side of supplying good milk; of the many factors that enter into the cost of the bottle of E.C.D. milk that is delivered Sunday and week days, rain or shine, winter or summer, when it's 90 in the shade or 50 below zero, through mud or over the pavement.
5. You will also be able to see E.C.D. butter churned, worked, printed and wrapped with the same care and under the same **cleanly conditions** that surround the manufacture of **all** E.C.D. butter.

Don't come feeling any obligation to buy. Come as our guests; to ask questions and to learn; to spend a pleasant and profitable afternoon. If you want to buy E.C.D. products you can get them from up-to-date stores throughout the city or from our retail delivery service. This invitation is simply to come in for a pleasant visit to get better acquainted with us and the facts about milk and dairy products.

N.B.—E.C.D. Butter Bricks are cut to average 16 1-4 ounces to the pound to insure the customer getting full weight. You know that you are getting a pound of butter when you pay for a pound.

THREATEN STRIKE IN BIG LEAGUES: CLUB OWNERS SAY WILL SHUT DOWN.

Major League Season May Have Abrupt Ending If No Agreement Is Reached—Says Meeting of Baseball Fraternity Decide to Order Strike.

New York, July 21.—The decision to call a baseball players' strike as a result of the Kraft case was arrived at at a secret meeting of the baseball fraternity here last night. Several prominent players signed the ultimatum which calls for a strike to be called on July 22.

But R. Johnson, president of the American league, and one of the members of the National committee, declared that the strike will be fought to the finish.

"The American league is ready to meet the issue with a solid front," he declared. "Our club owners are a unit for war. It is about time that this fraternity should stand together. We have been very patient with Mr. Kraft and his associates, but they have gone a little too far. We intend to make their bluff in a way that will make them show their hands."

"If the American league players, or a majority of them, obey this strike order on Wednesday, every American league club will close its gates. We will stop all salaries and inflict heavy fines on every player participating in the strike. This strike will be the last one conducted by Mr. Kraft and his associates, too, as we will keep our gates locked all season if necessary to break this up."

Johnson admitted that he had telegraphed all club owners to attend a special meeting here tomorrow.

Fultz refused to have anything to say about the strike. "I still hope it may be settled amicably," he declared.

The difference between the fraternity and the National committee, to the effect that Kraft belonged to the Nashville club of the Southern association.

"The fraternity claims that Kraft belongs to the New York Yankees, and that he is entitled to the salary paid him by the New York club, which is higher than the amount he would receive from the Nashville club."

Kraft has refused to report to the Nashville club. In taking this stand he acted on the advice of the fraternity.

Navin Says a Word
Detroit, July 21.—Frank J. Navin, president of the Detroit baseball club, leaves Detroit for New York tonight in response to an urgent telegram from him by President Johnson of the American league.

MATHEWSON NO TERROR FOR OLD HANS WAGNER

King of National League Swatters Has Batted Over .300 in Fourteen Years.

Christy Mathewson is the king of National League pitchers and Homer Wagner is the king of the National league swatters. For 14 years these two men have battled away and the verdict is in favor of the husky thrower. When a batter swats to a .300 average he is regarded as having won the advantage over the pitcher. That's the comparison between Wagner and Mathewson. In 14 years Wagner has batted the "fade-away" to the tune of .251.

In the 14 years Hans has dropped below the .300 hit four times. In 1905 he hit for .231, in 1909 it was but .111, the next year .231 and this year in four attempts Hans has failed to get a wallop off of "Big Six."

The big year for Wagner was in 1908. Wagner compiled at .476 average, getting eight hits in 17 times up.

Although Wagner is a regular first baseman and yearly gathers in his share of the home drives he has not been able to jump Mathewson's curves to the wall. Just one home run in 14 seasons is Hans' record, while the triples count hit seven and the doubles 12.

WOULD PLACE AN AMERICAN ASSN. TEAM IN WINNIPEG

H. P. Conrad, Late Dethroned
Head of Northern League
Club is Sore.

Winnipeg, July 21.—To wreck the Northern league by means of putting an American Association club in Winnipeg. Such is alleged to be the plan of H. P. Conrad, late dethroned king of the Port William Northern league club, according to a rumor which was in circulation in Winnipeg last night.

Mr. Conrad is said to be in Winnipeg, having arrived on the late train last night from St. Paul, and he is said to have made a statement that he intended to put the Northern out of business, owing to the action of the league driving him out of the organization.

According to the story Mr. Conrad has secured a franchise from one of the American Association clubs, and he is up here to see the league in the way of placing it in Winnipeg.

SIR THOMAS HAS ANOTHER MASCOT

London, July 21.—In all the enthusiasm of preparation for the great yacht race for the America's cup next fall it has escaped general notice that a woman will figure largely in the contest.

On board Sir Thomas Lippin's challenger, Shamrock IV, will be Mrs. W. P. Burton, the skipper's wife. She will not be there simply in an ornamental capacity, but will serve as the wheel, holding the stop watch for her husband while the yacht is jockeying for position just before the start of the race.

This is something which Captain Burton says he would entrust to no one but his wife. With her aid he is sure the Shamrock will be closer to the starting line when the gun is fired.

Mrs. Burton has sailed in hundreds of yachting contests, probably holding a world's record for a woman along that line.

MILLERS TAKE ELEVEN INNINGS GAME FROM SOX

A 6 to 4 Score Over Regina
Helps Matters for the
Eskimos.

Regina, July 21.—Moore Jaw won the opening game of the series with the Red Sox last evening in the 11th inning before one of the biggest crowds of the year. Two were out when Wally smashed out a three-bagger, sending Walsman home and then

O'Day singled the catcher over. Kurfess pitched an admirable game and received most support. The Eskimos' game in the tenth when the Red Sox were full with only one down. Kurfess and Casey Ryan could not get the ball through the infield. Ryan was hardly so effective as usual while the speedy Wills kicked in with a couple of errors when they hurt.

The locals lunched their hits to good advantage when they made three runs and evened up the score in the seventh. O'Day, Wally, Price and Kurfess were the heavy hitters for Moore Jaw. Wally's batting going at a fast clip the series is creating intense excitement.

Moore Jaw 100 600 600-4 R 13
Regina 610 600 600-4 R 3
Kurfess and Wally; Ryan and Nettie.

GUN CLUB SCORES.

There was a goodly turnout at the Saturday shoot of the Greater Edmonton Gun club and the first competition for the National Sportsman trophy took place, the scores of which will be found below. The handsome cup, donated for this competition, is to be seen in the window of McEwen's sporting goods store. First street, and is real thing will last probably three weeks, and being a handicap event, all shooters have an equal chance. This is the first year this trophy has been offered in Edmonton, and on that account the regular mid-week shoot will be held Wednesday evening at 8:30. Following are Saturday's scores:

TEAM CHOSEN TO MEET CALGARY IN FIRST INTER-CITY

All-star Team Will Commence
Training at Once—Special
Train Coming.

The team to represent Edmonton in the first inter-city game against Calgary on Saturday evening has finally been decided upon and they will commence training at once, meeting at the Y.M.C.A. tonight for their first workout. When the Calgary team arrives in Edmonton for the game they will have with them several hundred rosters as a special train is being run from the southern city. The clubs have selected trainer Walker to look after the boys in their preparatory efforts until the week-end. Ernie Critchley will act as referee in the first of the games. Here's the way they will line up:

Goal: E. W. Parker (Sons of England).
Backs: J. Kinnison (Calles) and Sam Whitehead (Radnoks).
Half backs: W. McPherson (Calles), W. Whitehead (Calles) and M. Cowan (Calles).
Forwards: Collier (Calles), Seaman (Radnoks), Tweedle (Calles), Dickie (Calles) and Jewell (Strathcona).
Substitute: J. Bradford (Sons of England).

SIXTEEN INNINGS' BATTLE.

Boston, July 21.—(American)—Boston and Detroit battled yesterday into extra innings, the home team winning in the sixteenth, 2 to 1. In that inning Munster Christian was given a base on balls by Hernandez, the best of four Detroit pitchers, and was forced at second by Leonard. Hooper cracked his fourth hit to left and Scott was hit by a pitched ball. With the bases full, Speaker sent a hit between left and center field, and Leonard scored home. Coming a youthful southpaw, held the pitching bureau for Boston until Crawford's double and two errors gave the Tigers two runs and tied the score in the ninth. Then Leonard was called upon and for the remainder of the game held Detroit hitless, striking out nine men.

KRAFT SHUT-OUT QUAKERS IN ESKIMOS' UPWARD CLIMB

A Big Noisy Whitewash to the League Leaders, Allowing But Four Hits—Eskimos' First Win Over Saskatoon—Score Was 6 to 0.

Saskatoon, July 21.—Playing a real chase brand of ball the Eskimos took the first of their five game series from the Quakers yesterday by shutting them out 6 to 0. The Quakers did not show up anything like the ball team we have seen here in the past and there was absolutely no life in them. Cadman started back in the game after an absence of two weeks, but was weak and three hits and a miserable error by Chack gave the Eskimos a lead of two runs in the second inning. Kraft was put in to pitch in the third but four hits, two of which were for two bags, an error and hit listman netted the visitors four more. After that session Kraft settled down and remained scoreless until the end. Kraft held the Quakers to four hits with his out-curve, and was never in the least bit of danger. He issued only one pass, but hit Walters twice and had five strike-outs.

STEP THIS WAY WILLIE RITCHIE

Freddie Welsh Dictates Terms
Upon Which Ex-champion
May Fight.

London, July 21.—Harry Pollock, manager of Freddie Welsh, announced today the terms under which the champion will box Willie Ritchie. The match will be clinched as soon as Ritchie accepts the champion's conditions for a return bout. Ritchie must give Welsh the same terms as Welsh conceded in the Olympia contest, namely, \$15,000 guarantee with the privilege of getting 50 per cent of the gate receipts and \$10,000 cash for re-nouncing his interest in the movie. Ritchie must make the \$25,000 let his is willing to make.

MARON'S BOUND TO STAY AT TOP NORTHERN LEAGUE

Winnipeg, July 21.—Winnipeg grabbed off the first game of an eight game series which is scheduled between Port William and Winnipeg this week. The contest resulted, 4 to 3 and it ended the Maron's to stick to the head of the league. After the visitors had taken a two-run lead, the Maron's hit on Mike Kramer for four hits and three runs in the fourth. They added another in the fifth and after that real heat in two innings, off Kraft, four runs in seven innings; off Kraft, four runs in nine innings; double plays, Hurley scored one run.

ADDITIONAL SPORT

SOME HUGE PURSE MONEY OFFERED AT CLEVELAND RACES

Cleveland, July 21.—Peter Stevens won the \$2,000 pacing purse, The Edwards yesterday, at the opening of the Grand Circuit races at North Randall. Peter Stevens won in straight heats, the only close contest being in the first heat, when Little Bernice got out in front and led nearly all the way. Just before the wire, however, Little Bernice broke badly and the favorite won easily in 2:05 1/4.

Omar won the first heat of 2:07 trot in 2:04 1/4, outstriking Grand Marshal and Newzel, the latter the favorite, in the stretch. Grand Marshal won the second and third heats and the race, however.

Bolvin captured the 2:24 class trotting event in three straight heats. The race was for the best three heats. Bolvin was the favorite and led all the way in the first heat, as in the second and third.

Farmer Spears was also a straight heat winner in the last event, the 2:11 trotting class. He was never headed.

About 5,000 persons saw the opening day's races. The track was fast and nothing occurred to mar the day's sport.

NATIONALS TRIM IRISH-CANADIANS IN ROUGH-HOUSE

Montreal, July 21.—Nationalists won a rough game of lacrosse on Saturday afternoon when they took the measure of the Irish-Canadians by a score of 17 to 5. Both teams took a hand in the rough stuff, but at the close the Irish-Canadians had three men in the clubhouse, laid up with injuries. Roberts was hit over the knee in the initial period by Gauthier, while in the third period Gauthier again asserted himself by taking a crack at Fred Scott. The latter, however, immediately retaliated and engaged in a fist fight. The officials and players finally separated them and they were both ruled off for 10 minutes. On rising at the bench, Fred Scott made a remark which roused the Frenchman and he struck the Irish-Canadian player over the face. Scott kept cool, but the police were forced to fight. They threatened Scott with arrest, while Gauthier once attempted to seize the policeman's baton in order to strike Scott. This fight had hardly terminated when George was laid out by a National player and had to be carried off the field. As Finlayson did not notice the offender, no one was ruled off.

CHURCH TENNIS NEWS

Unusual interest has been taken in tennis at the Christ Church, Robertson and Wesley clubs during the last few weeks. The three clubs are all situated within a block of each other, and are beginning to get better acquainted than hitherto.

On Saturday last Christ Church and Robertson engaged in a match, which resulted in favor of Christ Church by three events to two, the former winning the doubles—ladies', gent's, and mixed—and Robertson carrying off the honors in the singles. The feature event was undoubtedly that of the gent's singles, which Mitchell (R.) won from Holmes, 3-6, 6-4, 6-0.

This evening Christ Church will meet Wesley in 12 events. A stipulation agreed to by both clubs is that no gentleman play in more than one event. The following will represent Wesley:

Gent's singles—H. Paradis, F. J. Dewey, H. Matthews, L. de la Chapelle, Miss Clements, Miss Sherwin, Miss Bontelle. Men's doubles—Spiller and Colban, Berry and Leake, Curtis and Gault. Mixed doubles—Miss Clements and J. Bowling, Miss Oliver and Moseley, Mrs. Dewey and MacDonald.

The following were the results of the preliminary tournament held at Wesley:

Gent's single—Paradis bt. Dewey, 6-4, 6-2.

Ladies' singles—Miss Clements bt. Miss Sherwin, 6-2, 6-1.

Mixed doubles—Miss Parley and Josie M. Mr. and Mrs. Dewey, 6-3, 6-8, 6-4.

Gent's doubles—Spiller and Colban bt. Taylor and Leake, 5-7, 12-10, 4-4.

Boys' Baseball League.

There will be a meeting tonight at eight o'clock at the Y.M.C.A. building of the Greater Edmonton Boys' baseball league. Two representatives of each team are expected to attend.

Boys Meet Thursday Evening.

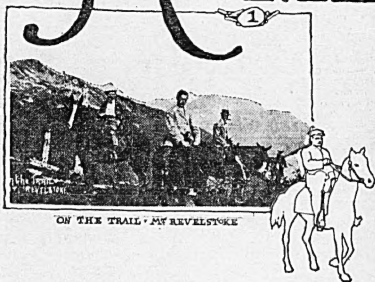

All boys going to the Y.M.C.A. boys' camp will meet at the association building on Thursday at eight o'clock.

MAJOR LEAGUE RESULTS

Chicago, July 21.—(Federal)—Chicago and St. Louis divided a double header yesterday. A balanced batting rally gave the visitors the first game, 5 to 2. In the second game, St. Louis could do nothing with Flak and Chicago won, 4 to 2.

Cincinnati, July 21.—(National)—Toureaux was almost invincible, allowing Cincinnati only two hits and New York easily shut out the Reds yesterday, 5 to 0.

Chicago, July 21.—(National)—Humphreys held Philadelphia to four scattered hits yesterday while Chicago hit both Mayer and Baumgartner hard and won the first game of the series, 8 to 1. Derricks triple with the bases clogged in the third gave the locals a commanding lead.

Pittsburgh, July 21.—(National)—Boston shut out Pittsburgh yesterday by a score of 1 to 0 in a pitchers' battle between Tyler and Cooper, both left-handers. The only run in the game was scored by Boston in the ninth. Schmidt singled and Deal sacrificed. Mann's double was allowed to fall safely at the feet of Menner and Mitchell. Schmidt expecting a catch, was only able to reach third on the hit and in stopping he wrenched his foot. Dewey ran for him. A base on balls to Gehring filled the bases. Gowdy batted for Tyler, also received a pass, Dewey being forced in.

St. Louis, July 21.—(National)—St. Louis, by bunching extra base hits with the Dodgers' errors in the early innings yesterday obtained a lead Brooklyn could not overcome and won, 7 to 6. The eighth inning while sliding into third base Dolan was spiked, being replaced by Hignett.

Washington, July 21.—(American)—The Naps beat the locals yesterday, 2 to 1, giving the visitors three games out of the series of four. Grege, though steady, was unsteady with men on base. St. Nationals being left. Turner

was hit on the head by one of Boehling's curves in the first inning. He lay unconscious at the plate for several minutes and then retired from the game.

Philadelphia, July 21.—(American)—Shawkey was invincible with men on bases in yesterday's game, and the Athletics made it four straight from the White Sox, the score being 4 to 0.

New York, July 21.—(American)—The Browns evened their series with New York by winning a doubleheader yesterday, the scores being 3 to 1 and 6 to 2. In the first game Wellman held the New Yorkers safe at all stages, while St. Louis hit Keating hard in the sixth inning. St. Louis won the second game by knocking Cole off the rubber in the third inning.

HERMIA WINS CONSOLATION AT WINNIPEG RACES

Winnipeg, July 21.—The race meeting held in connection with the Canadian Industrial exhibition closed here Saturday afternoon, little of note being accomplished either in harness or running events. The feature of the day was the free-for-all, which was decided by the standard of former years. Homer Mc. winning in straight heats. In similar fashion Hal Mapes took the 2:30 pace. The sensation of the day was furnished when Dr. Hinman announced that the judges had suspended Oker and his owner for 60 days for violating the rule of the meet which states that no horse shall change owners before 5 p.m. on the day of a race for which he is entered. Oker changed hands at noon Friday, and ran in the six furlong dash followed by the deal.

Thursday dash, Consolation—Hermia, Catal City Stable, Edmondson, won, Stryling Life, A. McIntosh, Prince Albert, second; Succ-On, J. H. St. Paul, third; Merrifield, P. D. Buoy, St. Paul, and Titterfoot, T. H. Sack-ton, also ran. Time—1:24.

KILBANE GIVES A LITTLE ADVICE

Young Boxers Should Never Reduce Below Natural Weight.

Johnny Kilbane was talking to some ambitious young boxers in a gymnasium not long ago, and he gave them some advice that might be taken to heart by boxers everywhere. Says Kilbane:

"The best rule of a young fighter can adopt, is that of not overmating himself. Just because a young scrapper is coming fast and has had things very easy for some time is no reason why he should start giving every fellow a chance at him. One of the greatest mistakes made by managers is that of sending a boy against a man whom they know to be much better. A young fighter just gaining confidence in himself should never be matched for a bout with a fellow who can beat him with experience."

"Take 'em easy and don't rush the game. Try to get matches with boys as near your own calibre as possible. Fight boys who are not further advanced in the game than you. That's the way to learn and at the same time gain confidence."

"In training for any fight don't try to make weight. Young boys ruin their health just gaining confidence. If your natural weight is, say 120, then fight at that. It is better to give away a few pounds than to try to make weight. Take your training easy, and above all things, don't train too hard. When you get tired—quit. Don't force yourself on. If you keep training regularly you'll feel so good evened that someone else will have to tell you to stop. Gymnasium work is good, but the best ever for your mind is road work. A man always feels better by working outdoors."

Barbara van Kalmowick, miss M. J. Hurley in St. Louis for breach of promise of marriage, presents in evidence a batch of love letters totaling 14,000 words.

CANADIAN ORDER OF FORESTERS HAVE GOOD FINANCIAL STANDING

A very successful meeting of Court Edmonton, 1914, C.O.F., was held at the Mechanics' Hall last night. Several new members were put through the mysteries of the order. After the general order of business, Bro. H. H. Speers gave a very eloquent report of his doing at High Court grand lodge at Quebec, where all the delegates from other courts were royally entertained during their stay. Bro. H. H. Speers reports that Bro. J. A. Stewart, high chief ranger of Perth, Ontario, will be in Edmonton during the fall, and will give one of his speeches, which will make every man who hears him proud to be a forester, for he is a man who can express himself cleverly.

Bro. Dr. W. J. Strong, of Brantford, Ontario, has sent no less a person than Bro. G. H. Jewell to Edmonton to be organizer, and is showing good results since he has been in the city. Bro. Jewell, 522 Carey street, will be pleased to give any information pertaining to the order. Financial Secretary Bro. J. Bracegirdle shows the best of reports as to the financial standing. The order is purely Canadian, and to those interested in fraternal insurance the desirable features of the order are well worth examining, because it is purely Canadian national in character; age limit, 18 to 25; fixed premium, no death assessment; gives \$50 to \$1,000 insurance; over \$8,000,000 paid to members and dependents since organization in 1879; careful medical selection; death rate of the Canadian Order of Foresters was lower than any of its competitors last year being only 612 in the 1,000, and the average rate for the past 34 years 528,100; security of investments; is excellent; not a dollar of reserve being invested outside of Canada; premiums and interest accruing therefrom used only for the payment of death claims.

Funds on June 1, 1914, were:

Insurance \$47,281.81
Sick and funeral benefits \$57,210.39
Total \$1,044,492.77
Membership over \$6,555 up to the year 1913. The next meeting of Court Edmonton will be held at Mechanics' Hall on Monday, August 17, at 8 p.m. sharp.

JOHNSON OLDEST GLOVE CHAMPION

Negro Defends Title Against Moran When He is Over Thirty-eight Years.

The fact that Jack Johnson had reached the age of 28 years, 55 days, when he risked his title against Frank Moran in Paris, has led to some interesting discussion regarding the ages at which previous heavyweight champions lost their ring laurels. John L. Sullivan was 34 years old when defeated by James J. Corbett at New Orleans in 1892. He held this title for 10 years, but Corbett was less fortunate for he retained the championship but five years, being 31 years old when Bob Fitzsimmons won at Carson City in 1897.

Fitzsimmons' tenure of championship was even less for at the age of 27 he was knocked out by Jim Jeffries at Coney Island in 1899, after holding the title for two years and three months. Jeffries, who met defeat at the hands of Johnson at Reno, July 4, 1910, was 25 years old when the negro wrested the ring honors from him. He held the championship for 11 years.

Chile is reorganizing the operation of government railways, hoping to make them pay.

Five years, being 31 years old when Bob Fitzsimmons won at Carson City in 1897.

Fitzsimmons' tenure of championship was even less for at the age of 27 he was knocked out by Jim Jeffries at Coney Island in 1899, after holding the title for two years and three months. Jeffries, who met defeat at the hands of Johnson at Reno, July 4, 1910, was 25 years old when the negro wrested the ring honors from him. He held the championship for 11 years.

REVELSTOKE PARK IS ONE OF FINEST IN THE DOMINION

Contains 100 Square Miles of Beautiful Lakes, Rivers and Mountains.

MAGNIFICENT TRIP DOWN THE COLUMBIA

Canadian Pacific Railway Provides Excellent Facilities for Tourists.

In this day of rapid development in Canada, when land is so eagerly sought for, the dominion government has wisely looked forward to the future and has made several huge tracts as natural parks where the encroachments of commerce will be held in check.

The latest addition to Canada's system of natural parks is the Revelstoke National park which consists of 100 square miles situated around Revelstoke and the mountain by the same name which is about in the center.

This park is now well known to many, but it hides well to rival in years to come the other popular Canadian parks. It is bountifully supplied with lakes and rock, forests and streams, with many snow-capped peaks rising thousands of feet above the level of the sea. Game and fish abound.

By a strike of the official pen at Ottawa this treasure land for the hunter, fisherman, mountain climber and tourist was set apart. It has yet to win its name and reputation. To those who know it, however, it is a land unparalleled. To those who seek to go above become familiar with it, it is a pleasure to be anticipated.

The city of Revelstoke has situated 1,402 feet above sea level on the beautiful Columbia river, a few miles north of where the river flows into the Arrow lakes. It is a railway town, a division point of the Canadian Pacific, with a population of about 1,500. Mount Revelstoke, which is north of the city, is a grand peak that lovers of outdoor sport enjoy climbing. On this mountain the government of British Columbia and the government of Canada are building an automobile road, which is to be completed in the very near future. On the very top of this mountain is one of the most charming Alpine parks to be found in the world. In the center of this park a comfortable chalet has been established for the convenience of those who seek to go above the clouds and get a breath of sweet mountain air.

The Columbia, which has made a great detour around the northern extremity of the Selkirk, while the railway has come directly across, is there much larger than at Donald, from which it has fallen 1,671 feet and 28 miles below Revelstoke widens into the Arrow lakes along which there is much beautiful country and opportunities for sport are unlimited. A steamer makes regular trips some 40 miles up the river. It is a delightful trip by rail from Revelstoke to Arrowhead and a steamer down the beautiful Arrow lake to Nakusp, past the famous Halcyon hot springs, a well known resort where there are several villas and a hotel.

Opposite Halcyon is Halcyon peak, 10,100 feet high. There are many pretty waterfalls near the Halcyon hotel. There are many trails to different points on the lakes and in the mountains. Game and fish are to be found in abundance. There is excellent boating.

Revelstoke park, now as a national reservation, is destined to become one of the most popular and most truly delightful in the land.

Killed by Caving Earth.

Montreal, July 21.—Twenty tons of earth caved in at the new sewer at the corner of Sherbrooke and Cartier street yesterday. A laborer named Vancou was killed and another laborer, Joseph Dubus, was seriously injured.

Chile is reorganizing the operation of government railways, hoping to make them pay.

Edmonton Exhibition Helps Industry Which Grows Fast in Alberta.

VALUABLE PRIZES FOR THE DIFFERENT TYPES

Liberal New Stabling Accommodations Will Be Required to Last Inch.

In times past central Alberta was considered to be exclusively a grain-growing country—that is, when it was considered at all. The non-productive period has passed, however, since the results of the work of the Edmonton Exhibition association have become apparent. Central Alberta is now considered as a country to be reckoned with—as a mixed farming district.

People are awakening to the fact that the future of the province is not in grain alone. It is in the diversified industry of stock raising—sound business men are beginning to see the value of the stock raising industry which is the backbone of the province. This can be seen by the response to the prizes offered at the cattle section at the coming exhibition.

In the Shorthorn class, the Canadian Bank of Commerce, T. M. Turnbull, manager, Edmonton, has been offering a silver medal for the best three calves offered by exhibitor; additional prizes for the cream of the herd, \$10, \$10 and \$5. The Dominion Shorthorn association also contributes \$200 toward the prizes for Shorthorn cattle.

The Canadian Hereford association contributes \$125 toward the Hereford prize, and the Canadian Aberdeen Angus society donates \$50 towards the Aberdeen Angus competition, thus enabling the association to enlarge the lists considerably.

The Jersey exhibit is always an attractive one, and this year becomes more popular year by year. The Canadian Jersey cattle club has contributed \$125 toward the prize for the best cow of the breed, and the club has also offered a prize of \$50 for the best bull of the breed.

Prizes to the amount of \$50 are offered by the Canadian Ayrshire Breeders' association for Ayrshires, and the Holstein-Friesian association of Canada is interested in the Edmonton exhibition prize list to the extent of \$25.

Coming nearer home again, the Swift Canadian company is offering prizes of \$10 and \$5 respectively for the best three-year-old grade beef steer raised by an Alberta farmer, and \$10 in prize for the best grade beef steer raised by an Alberta farmer. The same company offers \$15 in prizes for the best pair of grade beef type cows weighing from 120 to 200 pounds, and \$10 for the best pair of grade beef type cows raised by an Alberta farmer.

The new cattle and sheep barns are rapidly nearing completion, and the exhibits of 1914. For the benefit of those who have procrastinated in the matter of making entries, it might be noted that entries close on July 27.

To make it more convenient for the many who wish to visit the exhibition, the Cooking Lake Property Owners' association has arranged with the G. T. P. to run a special train from the city to the lake each Wednesday and Saturday afternoon for the balance of the summer.

The special train will start at once, running for the first time tomorrow, and will leave Edmonton at 1:45 p.m., and leave Cooking Lake on the return trip at 8:30 p.m.

The G. T. P. will also run several special trains this week-end. On Friday a special will pull out for Wabamun lake at 12:30 noon, for the summer season of school teachers under the auspices of the provincial department of education.

On Monday, Civic holiday, the commercial travelers will run two trains to Wabamun, one leaving at 9 a.m. and the other following at 1:15.

The situation of the freshened campers' special will arrive in Edmonton at 11 a.m. instead of 9:30, on Monday, while the Tuesday next week it will arrive at 9:30 instead of 11.

W. E. Duperon, assistant general manager, and J. G. Quinlan, district passenger agent, both of Winnipeg, were in Edmonton yesterday, and will be at the exhibition of the C. P. R. for Calgary. They will probably return east via this city.

Geor. South, Jr., a Philadelphia professor of English, is dead at 35 from excessive study causing brain congestion.

Pittsburgh's old city hall, erected 22 years ago, donated to the city, is being demolished.

Washington state has 235 shingles milled with an aggregate daily output of 15,000,000 shingles.

Edmonton Exhibition Helps Industry Which Grows Fast in Alberta.

ALLEGES SOUTH SIDE HOSPITAL IS MISMANAGED

Several Criticisms Are Made by Mrs. Arthur Murphy at Meeting of Board.

DECLARES STAFF IS LARGER THAN NEEDED

States That a Man Suffering From the "Blues" Was Allowed to Escape.

Criticisms of the Strathcona hospital, alleging structural deficiencies, mismanagement, and over-expenditure were made by Mrs. Arthur Murphy at a meeting of the hospital board last night.

Mrs. Murphy stated that there were no rooms for the dressing of wounds, the hallways being used for the storage of the necessary equipment. There being no chart room, the nurses were compelled to do such work in the corridors. She alluded to the echo in the operating rooms, which made it difficult for a surgeon giving instructions to his assistants to make himself understood.

Continuing, Mrs. Murphy stated that access to the fire escapes was blocked by beds, invalid chairs and baby carriages. The flushers for cleaning utensils were inadequate; the nurses' quarters were such as to point to the necessity of the erection of a nurses' home; and the mortuary was next to the nurses' dining room.

"Comment is unnecessary," she added, after reporting this gruesome discovery.

Contractors Blamed.
In referring to the waste she said, "the maple floors have become warped so that they are hard to walk over, and difficult to keep clean. It was told that the contractors, Olson & Johnson, had re-laid some of the flooring. The second boards were too narrow, and the floor show wide cracks. The cement steps to the basement were broken and crumbling after six months' use."

Referring to the deficit on the hospital's operations Mrs. Murphy stated that one of the causes of this deficit was that patients were allowed to remain in the hospital too long—it was not a convalescent home. Another cause was the laxity in making collections. Out of a statement of arrears amounting to \$1,477, given to the city collectors, only \$106.10 had been collected. Yet another was the fact that no outside municipality had so far paid for its patients.

Then 25 to 30 per cent. more than necessary was paid for household supplies.

Mrs. Murphy thought the staff was too big, and had too little to do. With every bed occupied there would only be 71 patients, with a paid staff of 10. On July 4 there were 21 patients with a staff of 50. The average number of patients for June was 29, and the salary total for the month was \$17,750.80; that is \$46.65 per patient per month, or \$152.22 per day. In conclusion, Mrs. Murphy said that the staff should be reduced without delay.

The board tendered its thanks to Mrs. Murphy for her thorough investigation. Major Marriott (chairman), T. M. Turnbull and R. D. Davidson were appointed a committee to deal with the report.

Guilty of Assassination

A man, razor in hand, was caught by his wife assassinating an enemy, but a coroner's inquest was Putnam's Corn Extractor; it's safe, painless and sure. Try "Putnam's"—careless so fast, sic at all dealers.

and that there is water in the sub-basement."

Mrs. Murphy reported the case of a patient in a private ward, suffering from delirium tremens, whose convalescence could be heard up and down the corridor. She had found this man sitting at an open window, and she thought he might easily have thrown himself. At the moment the nurse was with him, but earlier in the day, when the nurse was absent, he had escaped from the room, and had been found on one of the balconies. On a previous occasion he had escaped from the hospital altogether and had been re-captured on the street.

Unfiltered Water.
She then drew the attention of the board to the fact that there were no filters in the hospital, and that as the water for the south side did not pass through the city filtration plant, patients had either to drink impure water or bottled. She admitted she had no information as to which was done.

Mrs. Murphy also observed that babies were bathed in the same room in which they sleep, and that their clothes were laundered there, also. She did not consider this sanitary or desirable. When she visited the hospital on one occasion the engineer was out, and his assistant was nowhere to be found. She had received one complaint of an unconscious man being brought to the door in an automobile, and of there being nobody on duty to receive the patient. It appeared that one woman attended to the telephone instrument and also answered callers—when she went away to her meals nobody took her place. Then distress and real danger resulted from there being no house surgeon. In support of this she quoted an instance of a nurse having to deliver a woman of a child, no doctor being available.

Over Expenditure.
Referring to the deficit on the hospital's operations Mrs. Murphy stated that one of the causes of this deficit was that patients were allowed to remain in the hospital too long—it was not a convalescent home. Another cause was the laxity in making collections. Out of a statement of arrears amounting to \$1,477, given to the city collectors, only \$106.10 had been collected. Yet another was the fact that no outside municipality had so far paid for its patients.

Then 25 to 30 per cent. more than necessary was paid for household supplies.

Mrs. Murphy thought the staff was too big, and had too little to do. With every bed occupied there would only be 71 patients, with a paid staff of 10. On July 4 there were 21 patients with a staff of 50. The average number of patients for June was 29, and the salary total for the month was \$17,750.80; that is \$46.65 per patient per month, or \$152.22 per day. In conclusion, Mrs. Murphy said that the staff should be reduced without delay.

The board tendered its thanks to Mrs. Murphy for her thorough investigation. Major Marriott (chairman), T. M. Turnbull and R. D. Davidson were appointed a committee to deal with the report.

SIX FEATURES OF THE NEW CHARTER ARE DECIDED UPON

Committee Declares That Commissioners Shall Be Elected to Specific Duty.

COMMISSIONERS WILL ELECT THEIR MAYOR

Commissioner Is Open to Empire, But British Nationality Is Insisted Upon.

FEATURES DECIDED UPON.
1. That by a two-thirds vote of the electors the charter may be amended without reference to the legislature; except in matters affecting franchise and the borrowing powers of the city.

2. That the commission council shall consist of five commissioners elected to large terms.

3. That commissioners shall be elected to duration so that there will be elections to fill the office of commissioner of finance, commissioner of public works, commissioner of utilities, commissioner of safety and health and commissioner of parks and recreation.

4. Commissioners shall be elected for four year terms.

5. There will no longer be any election for mayor, the commissioners after each annual election selecting, their chairman, who is to be called "mayor," from among their own number.

6. Anyone is qualified to be a candidate for commissioner who is a British subject, is 21 years of age and is able to write English. Commissioners at the time of their election do not have to be residents of the city.

If the features for the new city charter which were decided upon last night by the elective commission, committee meet with the approval of the people, there will no longer be an election for mayor and the chief executive officer of the city will be chosen by the board of commissioners. Commissioners only will be elected, and they will be chosen for specific departmental duty.

The question as to whether the commissioners should be elected for specific duty or after election the five commissioners should apportion the duties as they should select, brought out some heated discussion. It was the opinion of some of the members of the elective commission committee that the elected commissioners should be permitted to make their own appointments of heads of the various departments the way would be opened for "deal" and "trade" and it was prevailing sentiment that the best good of the city would be subserved by electing the commissioners for specific duty. Joseph Adair, Professor Alexander, W. Campbell, A. Bramley Moore, Leonard Alexander, Adair, Gowen, Roche, Saunders, Johnson, Chalmers, Booth, Garrett, King, Newman, Woolde and Keely.

In favor of making them chosen by electors: Moore, Campbell, Bush, Blue, Edgell, Martin, Keely, Newman, King, Roche, Douglas, Miles, Harrison and two others.

There was some discussion as to whether or not candidates should be British subjects and the vote was in favor of the flag. It was also decided that candidates need not necessarily be residents of Edmonton, but may come from any part of the empire. The vote on this question stood 13 to 13, the mayor deciding in favor of the wider field.

The question of representation for the south side was brought up by A. L. Marks, who declared that it was one of the provisions of the amalgamation that the south side should be recognized. There was considerable sentiment that commissioners should be elected from the city at large.

The committee adjourned to resume consideration of the charter next Thursday night.

TOO LATE FOR QUALIFICATION.
